New Hampshire

In New Hampshire, interviews with 1,039 adult Americans conducted by telephone by ORC International on September 8-11, 2014. The margin of sampling error for results based on the total sample is plus or minus 3 percentage points. The New Hampshire sample also includes 883 interviews among registered voters (plus or minus 3.5 percentage points) and 735 interviews among likely voters (plus or minus 3.5 percentage points). In New Hampshire, 739 interviews were conducted among landline respondents and 300 interviews among cell phone respondents.

FOR RELEASE: MONDAY, SEPTEMBER 15 AT 7:30 AM

1. If the election for U.S. Senate were held today and the candidates were Jeanne Shaheen, the Democrat, and Scott Brown, the Republican, who would you be more likely to vote for? (IF UNSURE:) As of today, who do you lean more toward? (RANDOM ORDER)

	Shaheen	Brown	Other (vol.)	Neither (vol.)	No opinion
Likely Voters Sept. 8-11, 2014	48%	48%	*	3%	1%
Registered Voters Sept. 8-11, 2014	51%	44%	*	4%	1%

2. Is your mind made up about who you will vote for, or is it possible you would change your mind?

	Mind made up	Might change mind	No opinion
Likely Voters Sept. 8-11, 2014	81%	17%	3%
Registered Voters Sept. 8-11, 2014	76%	21%	3%

No opinion includes respondents with no first choice in Q.1.

3. We'd like to get your overall opinion of those candidates, regardless of whether or not you plan to vote for them. As I read each name, please say if you have a favorable or unfavorable opinion of that person -- or if you have never heard of them before today. (RANDOM ORDER)

	Favor-able	Unfavor-able	Never heard of	No opinion

Biden	8%
Sanders	7%
Patrick	4%
Cuomo	1%
O'Malley	1%
Someone else (vol.)	1%
None/No one (vol.)	2%
No opinion	6%

METHODOLOGY

In New Hampshire, a total of 1,039 adults were interviewed by telephone. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state. Registered voters were asked questions about their likelihood of voting, past voting behavior, and interest in the campaign; based on the answers to those questions, 735 respondents were classified as likely voters. Among those likely voters, 27% described themselves as Democrats, 43% described themselves as Independents, and 30% described themselves as Republicans.

In the New Hampshire crosstabs, the state regions are composed of the following counties: the " Rockingham County" region is composed of Rockingham County; the " Hillsborough County" region is composed of Hillsborough County; the "South" region is composed of Cheshire County, Merrimack County, Strafford County, Sullivan County counties; the "North" region is composed of Belknap County, Carroll County, Coos County, Grafton County counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of New Hampshire to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.
