Rumpus Room Bonnie Somdahl is retiring as the head of the Rumpus Room. The chairs are committed to making sure the Rumpus Room continues to happen in some form. But we need help to make it as awesome as possible! We are looking for:

- A new Rumpus Room Head
- People interested in running activities in the Rumpus Room
- People able to be the "Adult in the Room" for periods of free play time in the Rumpus Room

Please contact volunteers@minicon55.mnsthf.org If you are available to help!

Programming When we last left Minicon Planning, we were scheduling programming that was more appropriate for a convention that existed in another time. We're sorting through old and new ideas, and figuring out who is still interested in ideas they signed up for a year and a half ago. Please feel free to submit ideas and interest to programming@minicon55.mnsthf.org Our theme is still "Green."

Gaming Tabletop Gaming will have a more secure space this year. If you would like to run an organized game at a defined time, we can set aside a table for the event and list it in the schedule. Please contact programming@minicon55.mnsthf.org to express interest in running such an event.

Bar There will be a bar! If you would like to host something in the bar annex space like an inclusive game, pub-style trivia, beer tasting, etc., we can probably make it happen. Contact programming@minicon55.mnsthf.org

Art Show is looking to have pre-submission of forms be as easy as possible this year! Plans are being finalized, but if you would like to be notified as soon as the new forms are available and website information is updated, please email artshow@minicon55.mnsthf.org

Music Concerts and music circles will abound at Minicon 55. We hope to host favorite returning acts on our stage as well as introduce you to some new voices. If you are a fannish or fandom-adjacent musician who would like to perform a concert at Minicon 55, or if you would like to volunteer to moderate a music circle during the convention, please contact music@minicon55.mnsthf.org
