

SSSR Angel

Design: Anne Bruvold

This pattern was originally made for *the Christmas in July Special Event* for the Online Beginners Tatting Class

(<http://www.georgiaseitz.com/nt/mimi/html/index.html>).

This pattern have been slightly changed from the original published for the Special Event.

You need

Two shuttles and a suitable thread.

You need to know how to make single shuttle split rings (SSSR) and self closing mock rings (SCMR). If you don't know how to do SSSR these can be substituted by splitrings (SR). If you don't know how to do SCMR, there is a version of the pattern using chains.

Symbols

R	Ring
C	Chain
SR	Split ring, the two halves are separated by /
SSSR	Single shuttle split ring
SCMR	Self closing mock rings
numbers	The number of double stitches (dst)
p	Picot
3-3	3 dst, picot, 3 dst
--	Long picot
----	Even longer picot

Pattern

Start by using only one shuttle.

Skirt

The photo shows the skirt before the body is done.

R1: 4-4.
 (SSSR: 4/4.)x2
 (SSSR: 6/6.)x2
 R2: 6-6.
 SSSR: 6/6.
 (SSSR: 4/4.)x2
 * leave a small space
 (SSSR: 4/4.)x2
 SSSR: 6/6+ join to R2
 (SSSR: 6/6.)x2
 (SSSR: 4/4.)x3

Body, SCMR version

Add extra shuttle. Secure the thread at the top of the last SSSR of the skirt.
