# Eagle Nest Locator

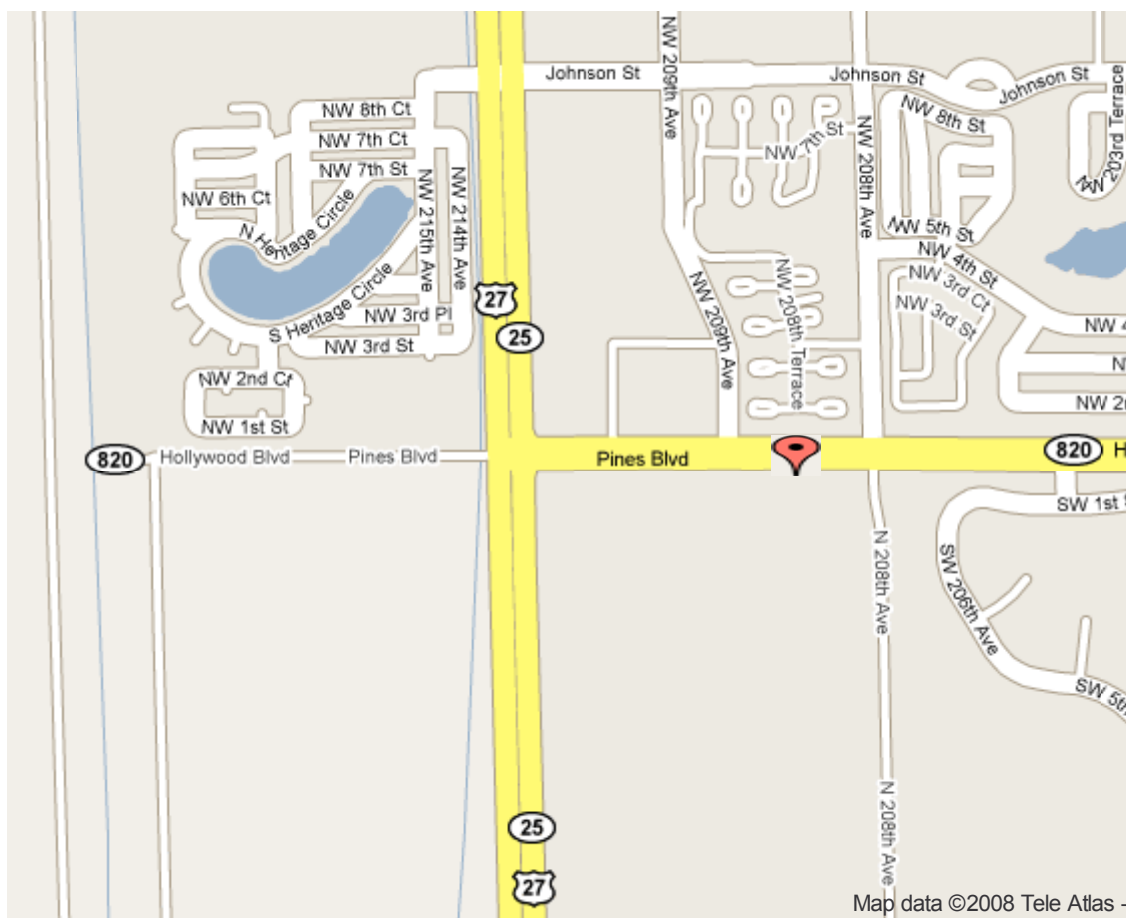

Welcome to the Florida Fish and Wildlife Conservation Commission Bald Eagle Nest Locator. The features below may be used to locate FWC documented bald eagle nesting territories and to view locations in map and spreadsheet form.

Attention: The information contained within this database is current through the 2007-2008 nest surveys. All eagle nests were surveyed by FWC from November 2007 to April 2008. Accuracy of the nest location is estimated to be within 0.1 miles of the true location. Not all eagle nests in Florida have been documented by FWC. Non-documented nests receive the same level of protections as FWC documented nests.

## Locate Nests By:

- Nested Search
- Modify Search
- New Search

**Nest Map: 1 nest was found that meet the search criteria.**
