### Keynote Speaker: Philip Reilly

Philip R. Reilly, M.D., J.D., has been CEO of Interleukin Genetics, Inc. since December of 1999. Prior to joining Interleukin Genetics, he was for ten years the Executive Director of the Eunice Kennedy Shriver Center for Mental Retardation, Inc., a NIH funded research institute in Waltham, MA. He has held academic appointments as Assistant Professor at Harvard Medical School (1990-98), Adjunct Professor at Brandeis University (1995-99) and Assistant Professor at Tufts University School of Medicine (1998- ). He has twice served as President (2000, 2003) of the American Society of Law, Medicine and Ethics. From 1994-97 he was a member of the Board of Directors of the American Society of Human Genetics. Dr. Reilly has served on many national committees chartered to study public policy issues raised by advances in genetics. From 1998-2000 he served on the National Commission on the Future of DNA Evidence for Attorney General Janet Reno. Dr. Reilly is the author of more than 100 scholarly articles and four books. His most recent book, *Abraham Lincoln's DNA and Other Adventures in Genetics*, published by Cold Spring Harbor Laboratory Press, was chosen by the city of Ann Arbor's reading program as its book of the year for 2003.
