A Summary Report on

**Full-time Equivalent State
Employees for the Quarter
Ending February 29, 2012**

April 2012

Report No. 12-706

A Summary Report on
**Full-time Equivalent State Employees for
the Quarter Ending February 29, 2012**

SAO Report No. 12-706
April 2012

Overall Conclusion

As of the end of the second quarter of fiscal year 2012, the State employed 309,748.1 full-time equivalent (FTE) employees.¹ That was a decrease of 6,945.1 FTEs (2.2 percent) since the end of the second quarter of fiscal year 2011, when the State employed 316,693.2 FTEs.

It is important to note that agencies and higher education institutions self-reported the FTE data presented in this report, and the State Auditor's Office did not independently verify that data.

Information on agencies and higher education institutions was as follows:

- **Agency FTEs.** As of the end of the second quarter of fiscal year 2012, agencies reported that they employed 147,100.4 FTEs. That was a decrease of 7,321.6 (4.7 percent) FTEs since the end of the second quarter of fiscal year 2011 (see Chapters 1 and 2 of this report for additional information).
- **Higher Education Institution FTEs.** As of the end of the second quarter of fiscal year 2012, higher education institutions reported that they employed 162,647.7 FTEs. That was an increase of 376.5 (0.2 percent) FTEs since the end of the second quarter of fiscal year 2011 (see Chapters 3 and 4 of this report for additional information).

FTE Definitions

A full-time equivalent (FTE) employee is a ratio that represents the number of hours that an employee works compared to 40 hours a week. One FTE is any combination of employees whose hours total 40 hours a week.

FTEs do not equate to employee headcount. For example, 2 employees who each work 20 hours a week together equal 1 FTE. The number of FTEs for an agency or higher education institution is equal to the total hours paid divided by the total work hours in a quarter.

¹ The second quarter of fiscal year 2012 began on December 1, 2011, and ended on February 29, 2012.

Summary of Objective, Scope, and Methodology

The objective of this report was to provide the Legislature and the public with information related to FTEs who perform services for state government.

The scope of this report included unaudited information that agencies and higher education institutions submitted to the State Auditor's Office's Full-time Equivalent (FTE) System for the second quarters of fiscal year 2011 and fiscal year 2012 in accordance with Texas Government Code, Section 2052.103. Differences between results in this report and the FTE System are due to rounding or subsequent corrections that agencies or higher education institutions made to data in the FTE System.

The project methodology focused on comparing FTE data as of the end of the second quarter of fiscal year 2011 with FTE data as of the end of the second quarter of fiscal year 2012.

^a Differences between results in this report and the FTE System are due to rounding or subsequent corrections that agencies made to data in the FTE System.

^b During the second quarter of fiscal year 2012, the Office of the Governor had 107.6 FTEs and the Trusteed Programs within the Office of the Governor had 145.6 FTEs. For fiscal year 2011, those FTEs were reported together.

^c The Office of Violent Sex Offender Management's FTEs were reported as part of the Department of State Health Services' FTEs in fiscal year 2011. The Office of Violent Sex Offender Management was established in fiscal year 2012.

^d In *A Report on Summary Data Regarding Full-time Equivalent Employees for the Quarter Ending November 30, 2011* (State Auditor's Office Report No. 12-703, January 2012), the Higher Education Coordinating Board was included with higher education institutions instead of with state agencies.

^e During the second quarter of fiscal year 2012, the Juvenile Justice Department was created. The new agency merged the Juvenile Probation Commission and the Youth Commission. In the second quarter of fiscal year 2011, the Juvenile Probation Commission reported 73.4 FTEs and the Youth Commission reported 3,426.1 FTEs.

^f The Department of Rural Affairs was moved into the Department of Agriculture in fiscal year 2012.

^g In March 2012, the Texas Workforce Commission revised its FTEs for fiscal year 2011 to include federally funded positions in accordance with the General Appropriations Act (82nd Legislature), Article IX, Section 6.10(g).

Objective, Scope, and Methodology

Objective

The objective of this report was to provide the Legislature and the public with information related to full-time equivalent (FTE) employees who perform services for state government.

Scope

The scope of this report included unaudited information that agencies and higher education institutions submitted to the State Auditor's Office FTE System for the second quarters of fiscal year 2011 and fiscal year 2012 in accordance with Texas Government Code, Section 2052.103.

Methodology

This project methodology focused on comparing FTE data as of the end of the second quarter of fiscal year 2011 with FTE data as of the end of the second quarter of fiscal year 2012. State agencies and higher education institutions self-reported hours paid for employees and contract workers. From this data, the State Auditor's Office calculated FTE data presented in this report. The State Auditor's Office followed up on significant variances but did not independently verify the self-reported data. The State Auditor's Office also rounded data from the FTE System to one decimal place, and agencies or higher education institutions may have made subsequent corrections to data in the FTE System. As a result, the FTEs reported in the FTE System and in this report may differ.

This project was not an audit, and the information in this report was not subjected to all the tests and confirmations that would be performed in an audit.

The following members of the State Auditor's staff completed this project:

- Stacey Robbins McClure, MBA, CCP, and PHR (Project Manager)
- Dennis Ray Bushnell, CPA (Quality Control Reviewer)
- Sandra Vice, CIA, CGAP, CISA (Assistant State Auditor)
