I. Getting Started

A. Definitions

1. Electronic Filing: The process of uploading a document from the filer's computer, using the court's Internet-based Case Management/Electronic Case Filing System (CM/ECF) to file the document in the court's case file. The CM/ECF System accepts documents only in Portable Document Format (PDF).
2. Filing User: An individual who has a login and password to file documents electronically using the court's CM/ECF System. Because an individual can use the same login and password to file in any federal appellate court in which the individual has registered, the terms Appellate Filer and Appellate ECF Filer are also used.
3. Notice of Docket Activity (NDA): A notice generated automatically by the CM/ECF System at the time a document is filed electronically. The notice sets forth the date and time of filing, the party filing the document, the text of the docket entry created by the filing, a hyperlink to the PDF document filed, and the names of the participants served by email and U.S. mail. Each email recipient of an NDA receives one free look at the attached documents. The free look expires 15 days from the date the Notice of Docket Activity is issued. It is a good practice to save or print the Notice of Docket Activity as proof of the filing.
4. PACER: "Public Access to Court Electronic Records" is an automated system that allows subscribers to view, print, and download court docket information and documents over the Internet. The PACER system allows case participants "one free look" at documents served electronically. The NDA for each filing will contain a hyperlink to the document(s) filed. The document should be saved or printed when it is first opened from the NDA. Subsequent electronic access to the document or electronic access to the docket through PACER will be billed by the PACER Service Center. No billing is done by the PACER Service Center until a user's charges exceed \$30 in a quarter.
5. PDF: "Portable Document Format" means that the document's format is device-independent, resolution-independent, and fixed-layout. The document can be viewed as created, regardless of the software that created it because PDF files do not encode information that is specific to the application software used to create the document.

WordPerfect versions 9, 10, 11, and 12 include the capability to convert text documents to PDF by clicking "File" on the toolbar and then "Publish to PDF". Microsoft Word 2007 and later has built in PDF conversion software. You may also use Adobe Acrobat Pro or download free PDF conversion software from any source of your choosing. Refer to the "Help" option in your conversion software for instructions on converting documents to PDF.

Appellate CM/ECF includes a utility that allows users to check PDF documents for compliance prior to filing.

1. To access the utility, login to CM/ECF, select **Utilities**, **Check PDF Document**.

2. The **Check PDF Document** box will appear.
3. Select **Browse**.
4. Select the file to be checked.
5. Select **Open**.

6. A message will appear indicating if the file format is acceptable or not.

NOTE: The Check PDF Document utility does not check for file size, which must be less than 50MB or text searchability of briefs.

There are two types of PDF files. Whenever possible, text PDF files must be used.

- a. Text PDF: Electronically converted PDF documents are created from word processing documents (MS Word, WordPerfect, etc.) using Adobe Acrobat or

similar software. Text PDF documents are text searchable and their file size is small. Text PDF documents, up to 50 megabytes, can be uploaded as one file; documents of larger size should be split into separate files with appropriate identification. Up to 250 megabytes can be uploaded per docket entry.

- b. Scanned Image PDF: Scanned image PDF documents are created by putting paper documents through an optical scanner. Scanned image PDF documents are not text searchable and have a large file size. If a scanned image PDF must be created because the electronic document is unavailable, the paper document should be scanned at 300dpi with the “black and white” setting. Scanned image PDFs up to 50 megabytes can be uploaded as one file; documents of larger sizes should be split into separate files with appropriate identification. Up to 250 megabytes can be uploaded per docket entry.

B. Hardware and Software

The following hardware and software are needed for CM/ECF:

1. Computer: A personal computer running Windows or MacOS with compatible internet browser. i.e. Safari, Microsoft Edge, Google Chrome, or Mozilla Firefox
2. Word Processing Software: Word Perfect, Microsoft Word or any other word processing software that will allow you to convert text documents to PDF.
3. Internet Service Provider and Web Browser: CM/ECF has been certified to work with Safari, Microsoft Edge, Google Chrome, or Mozilla Firefox.
4. Email Account: You may register more than one email address for receipt of Notices of Docket Activity. The address(es) must be regularly monitored, as your only notification of case activity will be via email. Notices of Docket Activity will be sent from the court’s ECF System. Counsel must ensure that the spam filter operation on the network and computer receiving the email are set to allow notices from ecfnoticing@ca4.uscourts.gov. The size of your email account must be sufficient to receive Notices of Docket Activity from the ECF System. ECF-related email may exceed the size allocated for free email accounts.
5. PDF Conversion Software: WordPerfect versions 9, 10, 11, and 12 include the capability to convert text documents to PDF by clicking “File” on the toolbar and then “Publish to PDF.” Microsoft Word 2007 and later has built in PDF conversion software. You may also use Adobe Acrobat Pro or download free PDF conversion software from any source of your choosing. Refer to the “Help” option in your conversion software for instructions on converting documents to PDF.
6. Scanner: Use a scanner ONLY if you do not have access to an electronic version of the document that would enable you to prepare a text PDF. Paper documents should be scanned into PDF image format at 300dpi with a “black and white” setting.

II. Policies and Procedures ([Local Rule 25](#))

A. Scope of Electronic Filing – Local Rule 25 (a)(1)

1. Effective Date: Electronic filing for attorneys began on April 1, 2008 and became mandatory on June 1, 2008.
2. Service of Electronic Documents: Conventional service is required only on those case participants who were not served electronically through CM/ECF as identified on the Notice of Docket Activity. Any case initiating document (petition for review, petition for enforcement of an agency order, petition for writ of mandamus, petition for permission to appeal, and motion for authorization to file a successive § 2254 or § 2255 petition) submitted electronically must be served conventionally.
3. Persons Covered: All attorneys filing documents in the Fourth Circuit must file electronically using CM/ECF (regardless of when the case was initially opened) unless counsel applies for and the court grants an exemption for good cause shown in a particular case. For pro se filers, a pro se litigant must obtain a PACER account and request filing privileges with the Fourth Circuit once the case is active with the court. Information for registration of a PACER account through the PACER Service Center can be found at <https://pacer.psc.uscourts.gov/pscof/regWizard.jsf>.
4. Specific Documents: **All** documents filed by counsel of record must be filed electronically in PDF format (textPDF, if available) **except**:
 1. Formal briefs and appendix are filed in electronic AND paper form.
 2. Case initiating documents may be submitted electronically or in paper form. Counsel must serve respondent(s) case initiating documents in hard copy. For more information on submitting case-initiating documents electronically, see [eFiling \(CM/ECF\)](#).
 3. CJA payment vouchers are filed electronically using [CJA eVoucher](#).
 4. Assigned counsel vouchers are filed electronically at 4cca-cja@ca4.uscourts.gov.
 5. Motions to withdraw in criminal cases when counsel is not a Fourth Circuit ECF filer and/or a member of the court's bar. Please contact the Fourth Circuit ECF help desk at 804-916-2767 for filing instructions.

Type of Document	How to File
Application for Admission to the Bar	Submit electronically or by mail.
Case initiating documents-- petitions for permission to appeal, petitions for review, applications for enforcement, petitions for mandamus or prohibition, motions to authorize successive habeas petitions	Submit electronically or file original in paper form in court of appeals; provide electronic text version in PDF form upon request. Counsel must serve respondent(s) case initiating documents in hard copy.
Notice of appeal	File electronically in district court.

Forms required within 14 days of case opening-- appearance of counsel, disclosure statement, docketing statement, transcript order form	File electronically in court of appeals.
Motions, responses, replies	<p>File electronically in court of appeals. Exhibits should be filed as part of the MOTION or RESPONSE/ANSWER (to motion or request) event. Exhibits that were filed in district court as PDF text documents should be downloaded from the district court docket and included as PDF text exhibits with the motion or response. Exhibits must be clearly identified by letter or number.</p> <p>EXCEPT <u>motions to withdraw in criminal cases</u> when counsel is not a Fourth Circuit ECF filer and/or a member of the court's bar. Please contact the Fourth Circuit ECF Help Desk at 804-916-2767 for filing instructions.</p>
Formal briefs	File electronically in court of appeals using BRIEF (formal briefs not under seal) event; only 1 paper copy of the brief is required (3 additional copies are required if the case is tentatively calendared for argument). Paper copies should be mailed or delivered the same day the electronic brief is filed; however, paper copies of a briefing document will be accepted without a motion if filed no more than one day late. Service of courtesy paper copies is not required, although counsel may agree to such service.

<p>Sealed version of formal briefs (including briefs containing information pertaining to highly sensitive documents)</p>	<p>File electronically in court of appeals using SEALED BRIEF (court access) (formal briefs under seal) event. Paper copies of the sealed brief are filed with the court and served on all parties entitled to access the sealed brief. Counsel must also file a certificate of confidentiality for the sealed version of the brief. The redacted version of the brief is filed using the BRIEF (formal briefs not under seal) event. Paper copies of the redacted brief are filed with the court but not served on the parties.</p> <p>If highly sensitive material is referenced in a brief, counsel files multiple versions of the brief: (i) a highly sensitive version with highly sensitive material highlighted (paper form), (ii) a sealed, highlighted version of the brief with the sealed material highlighted using the SEALED BRIEF (court access) (formal briefs under seal) event and highly sensitive material redacted (needed if the document also discloses sealed material that is not highly sensitive), and (iii) a public, redacted version of the brief using the BRIEF (formal briefs not under seal) event. Counsel must file a <u>certificate for highly sensitive document protection</u> (or a motion to seal, rather than a certificate, if such protection is sought in this court).</p>
<p>Appendix See Federal & Local Rules 31 & 32 & Local Rule 25(a)(1)(D) & the Fourth Circuit Appendix Pagination & Brief Citation Guide for complete information</p>	<p>Electronic Appendix - Appendices must be filed in electronic and paper form. Appellant files the full appendix in electronic form, separately filing any sealed documents as a sealed appendix.</p>

<p>Sealed Appendix Volumes (including appendices containing highly sensitive documents)</p>	<p>Sealed record documents that are included in the appendix must be placed in a separate, sealed volume of the appendix. In consolidated criminal appeals, these materials must be separately sealed as to each defendant by marking the volume and envelope as SEALED – [DEFENDANT’S NAME] and serving the volume only on the government and counsel for the named defendant. Four paper copies and an electronic copy of sealed volumes of appendix are filed, together with a certificate of confidentiality. Service of paper copies of sealed appendix volumes is required since parties cannot access the electronic version.</p> <p>Indicate whether any sealed volumes are included and file one copy in paper form of any sealed volumes. Three additional copies are required if the case is tentatively calendared for argument.</p> <p>One paper copy is filed in the court of appeals. Three additional copies are required if the case is tentatively calendared for argument. <p>Certificate of confidentiality or motion to seal</p>	<p>File electronically in court of appeals; also file 1 paper copy with sealed version of brief or sealed volume of appendix.</p>
<p>Informal briefs</p>	<p>File electronically in court of appeals and serve pro se litigants with paper copy. Most pro se litigants are not registered as filing users and therefore must be served conventionally.</p>

B. Eligibility, Registration, Passwords – Local Rule 25 (a)(2)

1. **Attorneys:** Attorneys who intend to practice in the court should register as a filing user of the court's CM/ECF System. Counsel who are not yet members of the Fourth Circuit bar have limited access to CM/ECF. Non-bar member accounts do not have access to filing in cases but users can submit their [Application for Admission to Practice electronically](#). Fourth Circuit bar members will have access to filing in ECF upon activation of their account. Follow the steps below to register as an ECF filer and if necessary, apply for membership to the court's bar.
 - Users who have never had a CM/ECF account in this court should go to [PACER Account Registration](#). The Registration Wizard is designed to help you select the best registration option for your needs.
 - In the NextGen system, all users are required to have their own PACER account. Organizations that wish to consolidate billing and receive one invoice for charges associated with multiple PACER accounts can register for a PACER Administrative Account ("PAA"). All questions regarding PAA accounts should be directed to the PACER Service Center at (800) 676-6856.
 - [Register for a PAA Account](#)
 - [PAA Policies and Procedures](#)
 - [PAA FAQs](#) (select the PAA tab)
 - **Court Approval Process:** Once the court receives your registration, your account will be activated within 24 hours. You will receive an automated email from the PACER Service Center indicating that your filing account is active. If you are a member in good standing of the Fourth Circuit Bar, you will be able to file documents via CM/ECF immediately. If you are not yet a member of the Fourth Circuit Bar, you must submit your [Application for Admission to Practice](#) before you will be able to file electronically. Once your filing account is active (limited use for uploading the bar application), you may submit your [Application for Admission to Practice](#) via CM/ECF. Please review the Court's web page for [instructions](#) on submitting your application electronically. Once your application has been processed, you will receive an email indicating that you are a member of the bar and full electronic filing will be enabled for your filing account.
2. **Pro Se Litigants:** Pro se litigants who have an active case with the court may file electronically by obtaining a PACER account and requesting filing privileges with the Fourth Circuit. Information for registration of a PACER account through the PACER Service Center can be found at <https://pacer.psc.uscourts.gov/psc/registWizard.jsf>.
3. **Registration Constitutes Consent to Electronic Service:** Completion of the Appellate Filer registration constitutes consent to electronic service of documents through CM/ECF.
4. **Passwords:** Your appellate ECF Filer login and password constitute your official signature on all documents filed using that login and password.

- a. Security: Filing users agree to protect the security of their passwords. Contact the PACER Service Center and the clerk immediately if you learn that your password has been compromised.
- b. Changing your Password: Login to the [PACER Manage My Account](#) site to change your password.
- c. Forgotten Password: If you forget your password, you can retrieve it electronically through the [Pacer Service Center Forgotten Password Request](#) website. You will need the user name, security question answer and the email address associated with your account. The court cannot provide your password or re-set your password. Please contact the PACER Service Center at 800-676-6856 for password assistance.
- d. Delegation of Authority to Use Login and Password: You may allow a secretary, paralegal, or other authorized person to use your login and password to file documents on your behalf. Remember that your login and password constitute your signature regardless of whether you personally use them or you delegate that authority to someone else.
- e. Additional Email Recipients: A secondary account can be added at the time of registration for a login and password. If the account has already been created, you can update your account after logging into Fourth Circuit CM/ECF, by selecting *Utilities, Update My Account*. Select the PACER Service Center link. At the login prompt, enter your login and password and click *Login*. On the Account Update page, select *Maintenance, Update E-filer Email Noticing and Frequency*. To add an additional email address, enter the email address in the *Additional Emails* box. If you would like more than one additional email address to receive notification in your cases, list all addresses in the *Additional Emails* box separated by a comma. Click *Submit* once all additional emails have been added.

C. Consequences of Electronic Filing – Local Rule 25 (a)(3)

- 1. Filing Complete at Date and Time Stated on Notice of Docket Activity: Electronic transmission of a document in CM/ECF, together with the transmission of the Notice of Docket Activity from the court, constitutes filing of the document. Filing must be completed before midnight Eastern Time, as shown on the Notice of Docket Activity, to be considered timely filed that day.
- 2. Electronic Document is Official Record: When a document has been filed electronically, the official record is the electronic document stored by the court. Counsel must take care to verify the accuracy of the electronic document before committing the transaction to the docket.
- 3. Documents Accompanied by Motions to File or to Extend Filing Time: When leave of court or an extension of time is required to file a document out of time, counsel files a motion using the appropriate motion event and a document using the appropriate document event. If the motion is granted, the document is deemed filed. If the motion is denied, the court will strike the underlying document. See examples below:

- a. Use **Motion / extend filing time [opening brief]** to file a motion.
Use **BRIEF (formal briefs not under seal)** to file a brief.
If the court denies the motion, it will strike the brief. If the court grants the motion, the brief will remain on the docket.
- b. Use **Motion / file supplemental appendix** to file the motion.
Use **SUPPLEMENTAL APPENDIX**. File one copy (four if case is tentatively calendared or calendared for oral argument) in paper form in court of appeals.
If the court denies the motion, it will strike the appendix. If the court grants the motion, the appendix will remain on the docket.

D. Service of Documents by Electronic Means – Local Rule 25 (a)(4)

1. Service of Electronic Documents: Conventional service is required only on case participants who were not served electronically through CM/ECF, as identified on the Notice of Docket Activity except for case initiating documents which must be served conventionally.
2. Preparing Certificate of Service: A certificate of service is required only if any service was made outside CM/ECF, such as for sealed or case-initiating documents or on persons who are not registered CM/ECF users. To ascertain how service should be accomplished on each party in order to prepare the certificate of service, use the “Attorney Service Preference” report within CM/ECF. See section [IV\(C\) – Attorney Service Preference Report](#) for more information on the report. A PDF writable certificate of service form is available at:
<https://www.ca4.uscourts.gov/docs/pdfs/certofservice.pdf>.
3. Notice of Docket Activity Constitutes Service on Filing Users: The Notice of Docket Activity generated by the court’s CM/ECF System constitutes service of the filed document on participants served electronically through CM/ECF. The Notice of Docket Activity will state who has been served electronically through CM/ECF.
4. Conventional Service Required for Those Not Registered as Filing Users: Participants not served through CM/ECF must be served conventionally. To ascertain how service should be accomplished on each party in order to prepare the certificate of service, use the “Attorney Service Preference” report within CM/ECF. See section [IV\(C\) – Attorney Service Preference Report](#) for more information on the report.
5. Conventional Service Required for Sealed Documents: The events used to file sealed documents - **SEALED BRIEF (court access) (formal briefs under seal)**, **SEALED JOINT APPENDIX (court access)**, **SEALED SUPPLEMENTAL APPENDIX (court access)**, and **SEALED DOCUMENT (court access only)** restrict electronic document access to court users only. Therefore, conventional service must be used for all sealed briefs and other sealed documents.

6. Conventional Service Required Case Initiating Documents: File the original in paper form in the court of appeals or [submit electronically](#). All case initiating documents must be served conventionally.
7. Three Days Added to Prescribed Period if Service was by Means Other than Electronic or Hand Delivery: Under FRAP 26(c), when a party is required or permitted to act with a prescribed period after a paper is served on the party, 3 calendar days are added unless the paper is delivered on the date of service. As of December 1, 2016, paper that is served electronically is treated as delivered on the date of service and no additional time is added to the prescribed period.

E. Entry of Court-Issued Documents-- Local Rule 25 (a)(5)

Court orders, opinions, judgments, and other documents are filed electronically. Documents filed electronically without an original signature have the same effect as if the judge or clerk signed a paper copy.

F. Attachments and Exhibits to Motions and Original Proceedings-- Local Rule 25 (a)(6)

1. Electronic Filing Required: All attachments and exhibits to motions, responses, and original proceedings must be filed in electronic form unless otherwise ordered by the court.
2. Text PDF Required: Documents must be filed in electronic text PDF. Text PDF files are text searchable and smaller in file size. If the text PDF version of a document is unavailable (e.g. the document was not created by counsel and was not filed as a text PDF in the lower court), the document may be filed as a scanned PDF. All formal briefs must be text searchable.
3. File Size: Documents filed with the court electronically are limited to 50 megabytes per uploaded file. More than one file may be uploaded to a particular entry. Please see section III (J) - Filing of a Multi-Part Document for instructions on uploading multiple PDF files to one entry.
4. Separately Numbered or Lettered Exhibits: Any exhibits or attachments to a document must be clearly identified by letter or number. Each exhibit/attachment must be uploaded as a separate PDF file using the “Add Another” button within a docket entry. After uploading the exhibit/attachment files, use the text box provided to properly describe each file. Please see section III (J) - Filing of a Multi-Part Document for instructions on uploading multiple PDF files to one entry.
5. Previously Filed Exhibits: If you wish to refer to exhibits previously filed with the court electronically, do not re-file them. In your document, cite the docket entry number, file name and page number of the exhibit or material being referred to. You may include a hyperlink to previously filed documents in addition to a citation.

In order for hyperlinks to work properly in a PDF file, you must “publish” a document to PDF rather than “print”.

In WordPerfect, first click **File** then, click **Publish to PDF**.

In Microsoft Word, you must use Adobe Acrobat Writer or other conversion software that allows you to “publish” to PDF rather than “print” to PDF. The method for “publishing” a document to PDF varies depending on which conversion software is used. Please refer to the **Help** portion of your conversion software for questions regarding including hyperlinks.

G. Sealed Documents-- Local Rule 25 (a)(7)

1. Sealed Material Must be Filed in Accordance with Local Rule 25(c): Local Rule 25(c) establishes different requirements for the filing of material under seal:
 - a. Certificate or Motion: If the material was sealed in the lower court or is a personal data identifier required to be sealed by federal rule, the material may be sealed by filing a certificate of confidentiality. If the party is requesting material be sealed for the first time on appeal, the party must file a motion to seal rather than a certificate of confidentiality.
 - b. Appendix Volumes and Brief Versions: If the sealed material is part of the appendix, it should be separated from the unsealed portions of the appendix and filed as a separate, sealed volume of the appendix using the **SEALED JOINT APPENDIX (court access)** entry. If the sealed material is referred to in a brief or other document, two versions of the brief or other document must be filed--a sealed version, with the sealed material highlighted, and a public version, with the sealed material redacted.
 - c. Electronic and Paper Briefs: If a formal brief refers to sealed material, counsel must file an electronic **and** paper version of the sealed brief **and** an electronic **and** paper version of the public brief.
 - d. Electronic Documents: Since other documents are filed in electronic form only, if a document contains sealed material, counsel must file a sealed version and a public version in electronic form only.
 - e. Conventional Service: Since electronic access to sealed documents is limited to the court, sealed documents must be served conventionally on participants in the case.
2. Formal Briefs--Sealed Version & Public Version in Paper & Electronic Form:
 - a. Sealed Version: Mark the cover of the sealed version of the brief **SEALED**, highlight all sealed material in the brief, and file the sealed version using the entry **SEALED BRIEF (court access) (formal briefs under seal)**. Also, use **Certificate of confidentiality** to file a certificate of confidentiality if all material was sealed in district court or consists of personal data identifiers. Use **Motion / seal** if requesting the sealing of new material on appeal. In addition to the electronic copies, one paper copy (three additional copies will be requested if the case is tentatively calendared) of the sealed version of the brief and either the certificate of confidentiality or motion to seal must be filed in envelopes marked **SEALED**. The sealed version of the brief must be served on opposing counsel conventionally since the **SEALED BRIEF (court access)(formal briefs under seal)** entry automatically restricts electronic document access to court users.

- b. Public Version: Redact all sealed material from brief and file using entry **BRIEF (formal briefs not under seal)**. Also, file one paper copy (three additional copies will be requested if the case is tentatively calendared) of the public version of the brief.
- 3. Appendices -- Sealed & Unsealed Volumes in Electronic and Paper Form (Local Rule 25(c)):
 - a. Sealed Volume: Sealed record material is segregated from unsealed record material and placed in a sealed volume of the appendix and filed electronically using the **SEALED JOINT APPENDIX (court access)** entry. A certificate of confidentiality is filed electronically stating that the material was sealed in the lower court. The sealed volume of the appendix must be clearly marked SEALED on the cover. One paper copy (three additional copies will be requested if the case is tentatively calendared) of the sealed volume are filed with one copy of the certificate of confidentiality in envelopes marked SEALED.
 - b. Unsealed Volumes: All material not sealed below is included in the unsealed volumes of appendix and filed using the **JOINT APPENDIX** entry. One paper copy (three additional copies will be requested if the case is tentatively calendared) of the unsealed volumes of the joint appendix are filed.
- 4. Other Documents--Sealed Version & Public Version in Electronic Form
 - a. Sealed Version: Mark the first page of the document SEALED, highlight all sealed material in the document, and file using the entry **SEALED DOCUMENT (court access only)**. Also, use **Certificate of confidentiality** to file certificate of confidentiality if all material was sealed in district court or consists of personal data identifiers. Use **Motion / seal** if requesting the sealing of new material on appeal. The sealed version of the document must be served on opposing counsel conventionally since the **SEALED DOCUMENT (court access only)** entry automatically restricts electronic document access to court users.
 - b. Public Version: Redact all sealed material from the document and file using the appropriate event for that document.
- 5. Highly Sensitive Documents – Documents, Briefs & Appendices
 - a. When a highly sensitive sealed document is filed, it must be filed in paper form since highly sensitive sealed documents are NOT uploaded to CM/ECF. The highly sensitive document is accompanied by either a certificate for highly sensitive document protection (for highly sensitive material sealed by the district court or other tribunal) or motion for highly sensitive document protection (for requests to file highly sensitive material under sealed in the first instance). A paper copy of the certificate or motion must be filed with the highly sensitive document, and electronic filers must also file the certificate or motion in electronic form.

- b. If highly sensitive material is referenced in a brief, counsel should file multiple versions of the brief: (i) a highly sensitive version with highly sensitive material highlighted (paper form), (ii) a sealed, highlighted version of the brief with the sealed material highlighted using the **SEALED BRIEF (court access) (formal briefs under seal)** event and highly sensitive material redacted (needed if the document also discloses sealed material that is not highly sensitive), and (iii) a public, redacted version of the brief using the **BRIEF (formal briefs not under seal)** event. Counsel must file a **certificate for highly sensitive document protection** (or a motion to seal, rather than a certificate, if such protection is sought in this court).
- c. If highly sensitive documents from the record are included in the appendix, it must be placed in a separate, sealed volume of the appendix marked “HIGHLY SENSITIVE DOCUMENT” and filed in paper form with a **certificate for highly sensitive document protection** (or a motion to seal, rather than a certificate, if such protection is sought in this court).

For further information on redacting information from filings, please see [How do I redact items from pleadings?](#)

H. Retention Requirements-- Local Rule 25 (a)(8)

Electronically filed documents that require an original signature, other than that of the filing user, must be maintained in paper form by the filing user for a period of 3 years after issuance of the court’s mandate.

I. Signatures-- Local Rule 25 (a)(9)

1. Filing User’s Login and Password Constitute Signature: The filing user’s login and password serve as a signature for all purposes for which a signature is required in connection with proceedings before the court. The filing user may not permit use of the password by anyone other than an authorized agent.
2. Documents Requiring Multiple Signatures: Documents requiring signature by more than one party may be filed by (i) submitting a scanned document with all necessary signatures; (ii) representing the consent of the other parties on the document; (iii) identifying the parties whose signatures are required and submitting a notice of endorsement within 3 business days; or (iv) any other manner approved by the court.

J. Notice of Court Orders and Judgments-- Local Rule 25 (a)(10)

Immediately upon entry of an order, judgment, or opinion, the clerk will electronically transmit a Notice of Docket Activity to Filing Users, which will constitute the notice and service required by FRAP 36(b) and 45(c).

K. Technical Failures-- Local Rule 25 (a)(11)

A party or attorney adversely affected by a technical failure in connection with filing or receipt of an electronic document may seek relief by appropriate motion. For example: **Motion / extend filing time.**

If technical difficulties arise (on either end), documents may be emailed to the clerk's office at: 4cca-filing@ca4.uscourts.gov. When sending documents to the court's email account, opposing counsel must be copied, and the case number and title should be included in the subject line of the message. In the body of the email, please explain the difficulty encountered.

L. Public Access-- Local Rule 25 (a)(12)

1. Information Publicly Available on Internet: Parties should exercise caution with regard to any sensitive personal data in filings, and counsel should notify their clients that filings will be made available over the internet, so that an informed decision can be made about what information to include. The clerk will not review filings for redaction or sealing.
2. Redaction Requirement: Parties must redact the following personal data identifiers as required by FRAP 25(a)(5).
 - a. Social security numbers: If an individual's social security number must be included, only the last four digits of that number should be used.
 - b. Names of minor children: If the involvement of a minor child must be mentioned, only the initials of that child should be used.
 - c. Dates of birth: If an individual's date of birth must be included, only the year should be used.
 - d. Financial account numbers: If financial account numbers are relevant, only the last four digits of these numbers should be used.
 - e. Home addresses: In criminal cases, if a home address must be included, only the city and state should be listed.

For further information on redacting information from filings, please see [How do I redact items from pleadings?](#)

3. Exemptions from Redaction Requirement: The federal rules exempt the following documents from the redaction requirement: the account number or address of property subject to a forfeiture action; state court records; agency records; court records that were not subject to redaction requirements when created; filings in social security and immigration cases; pro se filings in 28 U.S.C. § 2241, 2254, or 2255 cases; and documents preceding the charging document, the charging document, the arrest warrant, and the search warrant in a criminal case.
4. Immigration, Social Security and Railroad Retirement Board Cases : In accordance with FRAP 25(a)(5) and Rule 5.2(c) of the Federal Rules of Civil Procedure, remote public access to electronic documents in immigration, social security, and Railroad Retirement Board cases is limited to the court's orders and opinions. Remote electronic access to other documents in immigration, social security, and Railroad Retirement Board cases is available only to parties and attorneys in the case who have registered through CM/ECF. To access documents in these cases, participants must use their CM/ECF login and password.

M. **Hyperlinks-- Local Rule 25 (a)(13)**

1. Permissible Hyperlinks: Electronically filed documents may contain the following types of hyperlinks:
 - a. Hyperlinks to other portions of the same document or to other documents filed on appeal;
 - b. Hyperlinks to documents filed in the lower court that are part of the record on appeal; and
 - c. Hyperlinks to statutes, rules, regulations, and opinions.
2. Standard Citations Required: Hyperlinks do not replace citations to the appendix, record, or legal authority. Documents must contain standard citations in support of statements of fact or points of law, in addition to any hyperlink. Hyperlinks are simply mechanisms for accessing material cited in a filed document and are not considered part of the appellate record.
3. Creating a PDF with Hyperlinks: In order for hyperlinks to work properly in a PDF file, you must “publish” a document to PDF rather than “print”. WordPerfect versions 9, 10, 11, and 12 include the capability to convert text documents to PDF by clicking “File” on the toolbar and then “Publish to PDF”. Microsoft Word 2007 and later has built in PDF conversion software. You may also use Adobe Acrobat Pro or download free PDF conversion software from any source of your choosing. Refer to the “Help” option in your conversion software for instructions on converting documents to PDF.

N. **Citations to the Joint Appendix (effective July 15, 2022) – Local Rule 28(g)**

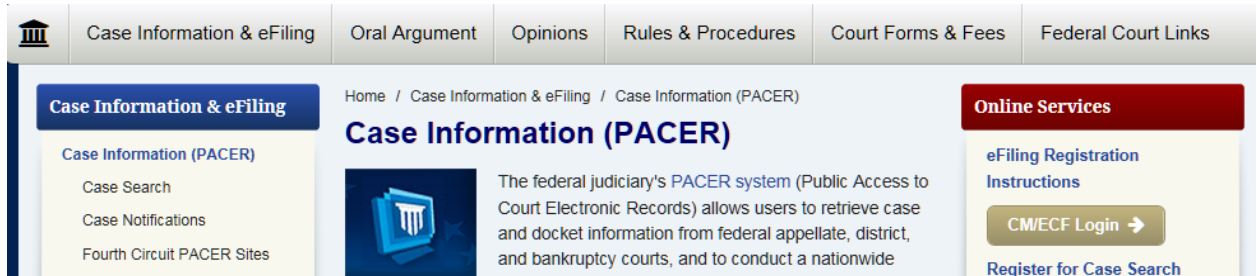

The Court has implemented a “Citelinks” utility within the Judiciary’s CM/ECF system that hyperlinks appendix citations in the briefs to the cited page of the appendix. The Citelinks functionality requires that counsel paginate the appendix using Bates page numbering and a standard prefix and that citations to the appendix in the brief use the same prefix. Citelinks leaves the official filing in PACER unchanged but creates hyperlinks in copies of the briefs and appendices used by the Court.

Local Rule 28(g) requires that pagination of the appendix and citations to the appendix in the brief follow the **Fourth Circuit Appendix Pagination & Brief Citation Guide**. A joint appendix is paginated and cited with a JA or J.A. prefix. A supplemental appendix is paginated and cited with an SA or S.A. prefix.
