## ***The Cost Of Poorly Screened Immigration***

### ***“Canada is Club Med for Terrorists”***

**-Congressman Lamar Smith (Texas)**

Thanks to Canada’s incredibly lax “refugee” system, our country has become one of the ideal staging grounds for terrorists around the world.

According to Ward Elcock, the Director of the *Canadian Security Intelligence Service* (CSIS): “by way of example, the following terrorist groups or front groups acting on their behalf have been and are active in Canada: Hezbollah and other Shiite Islamic terrorist organizations; several Sunni Islamic extremists groups, including Hamas, with ties to Egypt, Libya, Algeria, Lebanon and Iran; ... the Tamil Tigers; the Kurdistan Workers Party (PKK); and all of the world’s major Sikh terrorist groups.”

Canada has already served as a staging and support base for attacks on the USA. In 1999, U.S. border agents arrested *Ahmed Ressam* for attempting to blow up Los Angeles International Airport. Ressam was a failed “refugee” claimant in Canada. He entered Canada illegally on a forged Venezuelan passport. Even after he was rejected as a “refugee” in Canada, no one bothered to enforce the order.

“Almost **70% of respondents** feel Canada needs to put the squeeze on immigration so we don’t become a launching ground for terrorist attacks, according to a Toronto Sun/Leger Marketing national poll.”

September 8, 2002 (Toronto Sun)

**Why does our Immigration Minister continually ignore the majority and not stop this invasion**

***It’s time to put CANADA FIRST!***

---

Another failed “refugee” claimant was *Nabil al-Marabh*. He, while collecting welfare in Toronto, transferred \$15,000 to three of the terrorists who perpetrated the 9/11 attack.

It’s clear that, before September 2001, Canada’s swamped authorities couldn’t adequately vet the “refugee” flood then.

The numbers have increased and Immigration Minister Denis Coderre wants to increase them even more! He’s vowed to flood 1-million more just into rural and small town areas by 2011 — just 9 years from now. Canadian visas are for sale because of corrupt local hires. Many of our newcomers, insanely enough, come from terrorist producing nations — Algeria, Iran, Afghanistan, Saudi Arabia, India and Sri Lanka.

Canadians have seen through the lies, this diversity crap and the *don’t worry be happy* immigration propaganda.

**The time has come to take action!** Call your Member of Parliament today and demand that we close the borders down to terrorists, security threats and bogus “refugees”

**It’s time to put Canada First!** We need to take control of our borders and demand the Immigration Minister respect the wishes of the majority and halt the immigration invasion.
