Letter dated 11 November 2006 from the Prime Minister of Iraq addressed to the President of the Security Council

[Original: Arabic and English]

Iraq has taken in the specified time the steps required for the completion of the political process, in particular the drafting of a permanent constitution and the laying of foundations for building its political and legal institutions. In May 2006, the constitutionally elected Council of Representatives formed a Government of national unity. The steps for building a democratic, federal and united Iraq were consolidated by the commitment of the Government to adopt a dialogue and national reconciliation scheme, secure broad political participation, monitor human rights, establish the rule of law and economic development and provide services to citizens.

Establishing security and securing permanent stability are among the highest priorities of the Iraqi Government's programme to realize the desired peace and prosperity for the Iraqi people. However, terrorists and forces hostile to democracy continue to target innocent citizens and the various State institutions.

Security and stability in Iraq are the responsibility of the Iraqi Government. The Security Council affirmed in its resolution 1546 (2004) that Iraqi security forces would play a progressively greater role in enabling the Iraqi Government to assume that responsibility, diminishing and thereby ending the role of the multinational force, when the responsibility for security of the Iraqi security forces increases and expands. From the experience of the past two and a half years, it was established that the Iraqi security forces, which operated under the command of the Iraqi Government, had acquired new experiences and responsibilities and had grown in size, experience and capacity, demonstrated by their increased ability to assume full responsibility in the fields of security and defence.

We started to reap the fruits of success when our forces assumed responsibility for security in the governorates of Al Muthanna and Dhi Qar. In September 2006, the Ministry of Defence assumed the operational command and control of the ground, naval and air force commands. It also assumed operational command and control over two military divisions, indicating an increase in the ability of the Iraqi Army to assume the leadership in providing security to the Iraqi people. The Iraqi Government is also relentlessly working on building the necessary administrative and logistics system to make our Iraqi forces self-sufficient.

It is the intention of the Iraqi Government to continue increasing the number of governorates that fall fully under the control of the Iraqi authorities during 2006, until all 18 are under their control. When the responsibilities for security are transferred to the Iraqi authorities in a certain governorate, the multinational force will be present in its bases and can provide support to Iraqi security forces at the request of the Iraqi authorities, in accordance with an agreement that allocates the authorities and responsibilities between the two sides.

We have agreed on three common goals: first, assumption by Iraq of recruiting, training, equipping and arming of Iraqi security forces; second, assumption by Iraq of command and control over Iraqi forces; and third, transferring responsibility for security to the Government of Iraq. We have formed a high-level working group that will provide recommendations on how best to achieve these

goals. It has also been agreed to work towards the Iraqi authorities' assuming the apprehension, detention and imprisonment tasks on the basis of an agreement to be reached between the Government of Iraq and the multinational force.

Hence, the Iraqi Government requests the extension of the mandate of the multinational force in accordance with Security Council resolutions 1546 (2004) and 1637 (2005) and the letters attached thereto for another 12 months starting on 31 December 2006, provided that the extension is subject to a commitment by the Council to end the mandate at an earlier date if the Iraqi Government so requests and that the mandate is subject to periodic review before 15 June 2007. The Iraqi Government requests the termination of the UNMOVIC mission due to the completion of its tasks. The Iraqi Government believes that the time has come to terminate the war compensations that were imposed on Iraq.

The Iraqi Government realizes that the provisions of resolution 1546 (2004) relating to the depositing of revenues in the Development Fund for Iraq and the role of the International Advisory and Monitoring Board help to ensure the use of the natural resources of Iraq for the benefit of the people of Iraq. We recognize that the fund plays an important role in convincing donors and creditors that Iraq is managing its resources and debts in a responsible way for the Iraqi people. This role is vital, especially since Iraq is seeking to form a new partnership with the international community to build a vital network for economic transformation and integration in the economies of the region and the world through the International Compact with Iraq. We ask the Security Council to extend the mandate of the Development Fund for Iraq and the International Advisory and Monitoring Board for another 12 months and to review this mandate based on the request of the Iraqi Government before 15 June 2007.

The people of Iraq are determined to establish a stable and peaceful democracy for themselves and a proper basis for building a vital economy. This vision for the future of Iraq cannot become a reality without the help of the international community.

We realize that the Security Council intends to append the present letter to the special resolution concerning Iraq that is being prepared. Meanwhile, I ask that the present letter be distributed to the members of the Security Council as soon as possible.

Annex II

Letter dated 17 November 2006 from the Secretary of State of the United States of America to the President of the Security Council

Having reviewed the request of the Government of Iraq to extend the mandate of the Multinational Force (MNF) in Iraq and following consultations with the Government of Iraq, I am writing to confirm, consistent with this request, that MNF under unified command stands ready to continue to fulfil its mandate as set out in Security Council resolution 1546 (2004) and extended by Security Council resolution 1637 (2005).

The Government of Iraq and MNF in Iraq continue to improve their cooperation through a security partnership to combat the challenges that threaten Iraq's security and stability. This partnership has evolved over time to incorporate the increasing leadership by Iraqi security forces in fighting and deterring terrorism and other violent acts throughout Iraq's 18 provinces. In the context of this partnership, MNF is prepared to continue to undertake a broad range of tasks to contribute to the maintenance of security and stability and to ensure force protection, acting under the authorities set forth in resolution 1546 (2004), including the tasks and arrangements set out in the letters annexed thereto, and in close cooperation with the Government of Iraq. The forces that make up MNF will remain committed to acting consistently with their obligations and rights under international law, including the law of armed conflict.

Iraqi security forces have already made substantial progress this year in developing their capabilities and, as a result, they are shouldering a greater portion of the responsibility for Iraq's security. This progress is most notable in their assumption of security responsibility in Dhi Qar and Muthana and the assumption of operational command and control over the Ground, Naval, and Air Force Commands and two Iraqi military divisions by the Ministry of Defense.

The Government of Iraq and MNF have agreed on three common goals: Iraqi assumption of recruiting, training, equipping and arming of the Iraqi security forces; Iraqi assumption of command and control over Iraqi forces; and transferring responsibility for security to the Government of Iraq. We look forward to recommendations from the newly formed high-level working group on how these goals can best be achieved. The strong partnership between the Government of Iraq and MNF is a vital factor in fulfilling these goals. Together we will build towards the day when the Iraqi forces assume full responsibility for the maintenance of security and stability in Iraq.

The co-sponsors intend to annex this letter to the resolution on Iraq that is under consideration. In the meantime, I request that you provide copies of the present letter to members of the Council as quickly as possible.
