

LIBERTY DOLLAR NEWS: October 2007 Vol. 9 No. 10

Welcome new Readers, Associates, Merchants and RCOs!

CALL TO ACTION:

Liberty Forum, sponsored by the Free State Project, has invited me to speak at their noteworthy annual event in New Hampshire, January 3-6. Not that I am fond of cold weather, but I am very happy to address such an audience that is dedicated to "Live Free or Die"! And of course, it seems with a name like "Liberty Forum" there is a good fit with "Liberty Dollar." So please start the year off "right" in New Hampshire and join me at the Liberty Forum. More info is available at <http://www.freestateproject.org/libertyforum>. New updated brochure is now available for only a nickel for 100 or more. This is a one-week special... so please order now. This issue continues to explode the Liberty Dollar platform with the Peace Dollar, \$50 Gold Liberty and the Chiropractic Dollar! Join the party... get one of your own... or at least read this whole Newsletter and pass it on to your contacts. We need a broader base to take action in support of the Liberty Dollar.

FLASH: New kickass move lowers the boom on the government money: "FIAT EMPIRE - The Federal Reserve vs. The Constitution" by James Jaeger. This award-winning documentary shows how the Federal Reserve generates inflation, destabilizes the economy, causes wars, and enriches financial elitists at the expense of the common man. You will learn that the Fed is not a government agency but a banking cartel, and you will understand why many Americans view it as a sophisticated form of organized crime. In addition to featuring G. Edward Griffin, Ron Paul, Ted Baehr, and Edwin Vieira, Bernard von NotHaus presents the Ron Paul Dollar and urges viewers to Vote for Truth. Due to the heroic efforts of Jeff Kotchounian and the Independent Volunteer Network, this DVD is now available for only \$14.07 for 10 copies! \$68.39 for 100 copies! \$338.00 for 600 copies! Jeff and the Independent Volunteer Network have done everything possible to make this important DVD available to everyone. You are encouraged to get a large quantity and share them with everyone you know. Please copy and paste this announcement to your email list. It is important to get the word out about this important new expose' on how the government money is stealing your purchasing power. Orders are available at: <http://volunteernetowrk.blogspot.com/>. Individual DVD is available at http://www.libertydollar.org/catalog/product_info.php?cPath=25&products_id=254 for only \$2.00 each including shipping.

FLASH #2: An independent Ron Paul group lead by Gary Franchi's Lone Lantern Radio (http://mp3.wtprn.com/Franchi/0710/20071025_Thu_Franchi.mp3) wants to raise \$100 from 100,000 people to give Ron \$10 million to mount a real national campaign by November 5 for "V" Day. Of course \$10 would definitely do it, so if you can, please send \$100 to Ron's office at: 837 W. Plantation Dr., Clute, TX 77531. If you would like to donate ELD, please send to donation@ronpauldollar.com. Be sure to include your name and "Ron Paul donation" in the subject field so that donations can be made in the donor's name. Please note that Federal Election Commission law requires the

name, mailing address, occupation, and name of employer for contributions of more than \$200.00 per election cycle. Individuals may contribute up to \$2,300.00. Couples may contribute up to \$4,600.00. Contributions are not tax deductible. Corporate contributions are prohibited.

PS: I am sure they take physical and/or digital Liberty Dollars... so send in \$100 eLD and join the party!

1. Peace Dollar Angers Warmongers

Never have I received such a firestorm of negative emails demanding to be removed from this Newsletter. It would seem that our once-great peaceful country dedicated to liberty has become a gang of warmongers... with the support of the populace! Fortunately, this noisy warmongering crowd was greatly overshadowed by the overwhelming support and orders we received for the Peace Dollar. Thank you! But it just tells you how well our government has done at selling the war to America. One would think that war was man's natural state. I for one do not think that is the case. I much prefer to lie on the beach and watch a beautiful sunset in Hawaii. Admittedly we all make choices. So thank you for all your positive responses to the Peace Dollar. It is off to a great start and hopefully its positive message will help return America to a peace-loving nation again.

Please note that the very first silver Peace Dollars have arrived and shipping has begun. Orders will be filled in the order received. And if you want to get something very special to "Give peace a chance," please order the First Day of Issue Peace Dollar with the Peace Sign hallmark or the top of the line Limited Numbered Edition that is individually numbered and also contains the Peace Sign hallmark. Both are premium items and well worth the collector value, as only 1000 of each will be issued.

The 2008 Peace Dollar to "Stop the War" was announced on October 15, 2007. As if President Bush's unpopular war does not have enough problems, the Peace Dollar offers the anti-war forces an attractive way to gain strategic ground and profit.

Now peace-seeking Americans can start using the Peace Dollar and stop using the US War Dollar, as it finances the Iraq War. It is good for peace and bad for war.

The 2008 Peace Dollar is not government money and cannot be used to fund the war in Iraq. The government uses their printing presses to make money out of thin air to finance their war by diluting every American's purchasing power... hence higher gas and food prices. They call it "inflation" but it is really "theft."

By accepting and spending Peace Dollars, peaceful people can force the government to "Stop the War" because the government will have less money to pay for it. Peaceful Americans are encouraged to use a Peace Dollar the next time they spend money and "Give peace a chance."

The Peace Dollar is a legal functioning currency dedicated to stop the war. As a private voluntary barter currency it can be used anywhere it is accepted. It is "real money" minted in pure copper and silver and exchanges dollar-for-dollar with the US war dollar. It is dedicated to establishing peace and bringing our boys home. The \$10 Peace Dollar has a face value of ten "Liberty Dollars" and contains one-half ounce of pure .999 fine silver. The \$1 Copper Peace Dollar contains one ounce of pure copper.

2. Deadline for Copper Peace Dollar

Due to the huge three month lead time to mint and very limited nature of the copper issue, please note the **DEADLINE** to order the Copper Peace Dollar is **Tuesday, November 20** - just two days before Thanksgiving. We hope to commence shipping orders in March. I know this is a long wait... unfortunately, peace will take much longer. Thanks again for the thousands of orders for Peace Dollars. Your stand for peace is most encouraging and totally overwhelmed the few noisy warmongers who are no longer on this Liberty Dollar list.

3. Ron Paul Dollar selling out...

Just a quick word... WOW! Ron Paul Dollars are very popular. It seems just as Ron Paul rises in the polls, so does the dollar minted in his honor. Both the gold and silver Ron Paul Dollars are extremely popular. Especially the Limited Numbered Edition. Be forewarned... over 750 of the Limited Numbered Edition have been issued... this issue is limited to only 1,000... there are only 250 left and then they will only be available in the collector market at much higher prices. Please order today to get one or two of these.

Plus the Gold Ron Paul is very hot, too. Over 200 Golds have been issued! This is amazing! And we keep getting orders every day. Many people who are not even Liberty Associates pay \$1000 each! Of course we love that. With the US Mint killing sales on one hand and high legal costs on the other hand, we are happy with every extra dollar. If you are not a Liberty Associate, please consider joining... just the savings alone can pay for your one-time LA fee.

Copper Ron Paul is all but sold out... There are a few on the shopping cart, but after they are gone, the price will rise as the secondary collector market kicks in. If you want a Copper Ron Paul, this is your last chance at \$2 each.

LOWER PRICE: Please note that the donation has been removed from the Silver Ron Paul Dollar. So the price has been reduced to \$20 face value. Please make a donation directly to Ron's campaign.

P.S.: The Silver Ron Paul Hallmarked Edition is still a sleeper. At only \$45 it is still a great buy. Each silver Ron Paul Hallmark Dollar contains the special hand-stamped micro scroll with BOR to commemorate Ron Paul's respect for the Bill of Rights. Check it out on the shopping cart at:

4. Liberty Dollar on Trial... Help!

The most serious threat to the Liberty Dollar is set to take place in a small town in Wisconsin. An unusual set of circumstances, small town cronyism and a seemingly bias "legal" system has conspired to railroad a young couple for offering Liberty Dollars in trade. The one thing I know is that Shawn Kranish is a very well informed supporter of the Liberty Dollar and would never misrepresent the Liberty Dollar. Of course that does not mean the police cannot trick a witness into misrepresenting the facts and convicting these two young brave monetary patriots.

They need our help... and a few dollars... only \$3000 for their legal defense. We have all been young... sometime... now is the time to send a couple dollars and pray that this case does not become a black eye for the Liberty Dollar. Please note their story below:

The young couple, which was married recently, was arrested in May 2007 for offering Liberty Dollars in Walworth, Wisconsin. Shaun and Svetlana (Lana) Kranish were both arrested, after Shaun offered both Liberty Dollars and Federal Reserve Notes to an outdoor ice cream stand in the Village of Walworth. Shaun and Lana spend the night in jail (Lana in solitary confinement). The next day their family spent over \$5,000 to get them out and recover their minivan.

Misdemeanor charges of "theft – false representation" and "as a party to a crime" were lodged against Shaun and Lana. In an attempt to secure their safety from the state, they hired two separate attorneys that raised the total costs to nearly \$12,000 for attempting to use a few Liberty Dollars at three stores. The Liberty Dollars were happily accepted at

the two other businesses, but were frowned upon at the ice cream stand. So instead of accepting Liberty Dollars or U.S. dollars that were also offered at the Dari Ripple/Drive-In in Walworth, Wisconsin, Shaun and Lana were arrested.

Lana, an immigrant from Russia, wasn't even present when Shaun offered the Liberty Dollar in exchange for inexpensive food. And although she had no part in any transactions, she is now unable to become a US citizen due to the ongoing prosecution. Shaun and Lana have offered to give the three businesses US Dollars in exchange for the silver but that does not appear to be enough for Walworth, Wisconsin. Now, Shaun and Lana must pay thousands to fight these charges with the hope to be found innocent and avoid jail sentences. All this over three exchanges valued at less than \$15!

Shaun and Lana have begun a fund-raiser at <http://www.libertydollararrest.com/>, and are asking concerned citizens to donate to their legal defense fund. Kranish can accept both FRNs (checks, money orders, PayPal, credit card, etc) and real money like the Liberty Dollar. Please visit <http://www.libertydollararrest.com/> today for more information on the arrests and make a donation. The Liberty Dollar and your right to use anything of choice in trade are at stake. Trials are currently scheduled for Nov. 8th and 9th. Please take action today and help this young patriotic couple.

5. \$50 Gold Liberty is HOT!

We are very pleased to announce that the first fractional Gold Liberty is now available. The new \$50 one-twentieth ounce Gold Liberty is absolutely stunning... especially as jewelry. We even have the special bezels (mountings) to fit.

Unfortunately, the dies took a lot longer than we wished and Sunshine Mint is already backed up with Christmas orders... and with 30 days for minting, we can't guarantee delivery in time for Christmas unless you order by October 31. All orders placed after October 31 will be filled from available stock.

Trust me, we started working on the \$50 Gold Liberty a long time ago. But a series of problems and more urgent matters like the lawsuit pushed it back. The \$50 Gold Liberty contains 1/20th ounce of .9999 fine gold and measures 14 mm (a little over half inch) in diameter. The obverse features the famous Liberty Head, the reverse carries the Torch and a face value of \$50. If you like the "proof-like" quality of the Silver Liberty, you will love the strike on the \$50 Gold Liberty. Plus we have plain and rope jewelry mountings that you can also order separately.

Volume Discounts are also available on orders of 5, 10, 20 and 100 Gold Libertys. So if you are going to get more than one, be sure to ask for the volume pricing and save.

DEADLINE to order \$50 Gold Libertys for Christmas is October 31.

Orders placed after October 31 will be filled as time permits from available stock only.

P.S.: If you are looking for something special for Christmas, please check out the \$100 Silver Liberty... complete with a gift box... this is a very, very nice item!!!

6. Chiropractic Dollar Heals You

Just as the Liberty Dollar is the right prescription for the ailing US economy, the Chiropractic Dollar will heal you, too. Thanks to Jeff Kotchounian and his wife Dr. Toni, who is a Doctor of Chiropractics, the latest Private Label Liberty Dollar is devoted to the healing arts of Chiropractics. The \$20 one ounce Chiropractic Dollar features the Caduceus on the back and the beautiful Liberty Head on the obverse. It is wonderfully well “proof” struck and is only \$20 for General Issue. Both First Day of Issue and top of the line Limited Numbered Editions are available at www.ChiropracticDollar.com. If you have ever visited a Chiropractor, as I certainly have, please get one of these to pay for your next visit. Your Chiropractor will certainly take a shine to this beautiful new Dollar. For more info please contact Jeff at: chooney@cardina.net. Or call: 810.441.4736.

7. Federal Lawsuit Update

A short chronology of our lawsuit with the US government: We filed our Complaint on March 20, 2007, and the government responded 120 days later with a Motion to Dismiss. We countered 60 days later with an Amended Complaint. The government has until November 8 to reply. Best guess would be another Motion to Dismiss. We will have 15 days unless extended to reply. The government will then have 15 days to reply unless extended. Given that extensions are fairly common, the Judge will probably not rule until after the first of the year. If anything changes or there is an important development, we will send out an Alert. Thank you for your many calls and donations.

BTW: If you have not made a \$10 donation... we would love to hear from you. And remember you will receive a special “Victory Dollar” for every \$20 you donate – after we win. Donations can be made online or phone: 888.LIB.DOLLAR (888.421.6181) And the Gold and Silver Defense Dollars are still available with the special “Scales of Justice” hallmark. Everything is available online at www.LibertyDollar.org.

8. Letter / Article to the Editor

Success Story for the Copper Liberty Dollar
Submitted by Donnie R. Perdue, Jr.

I just wanted to let you folks know of the good response I am getting with the Copper Libertys. Since I received my order of Copper Libertys, I have had more people show a real interest in Liberty Dollar than any other time since I became a Liberty Associate.

People are completely fascinated with the Copper Libertys, and find it hard to believe that they are only one dollar. They expect such a thing to cost at least \$5! And they are selling! Now, I wish I had ordered more!

But, it is also getting folks interested in the Liberty Dollar as a whole. I am going to have to place a new order soon, before I run out of everything.

Thanks for making the Copper Libertys, and I hope you can find a way to make another run of them.

[Editor note: Thank you Donnie. As you know we have a new Copper Ron Paul arriving very soon and just introduced the new \$1 Copper Peace Dollar that will be out in March. Thanks again for your support!]

9. Success Story / Incident of the Month

Please note Article #4: “Liberty Dollar on Trial... Help!” It is the most serious assault on the Liberty Dollar to date. Please support Shawn Kranish. If he has to appeal this case it will be much more expensive.

10. Question of the Month

QUESTION: Why can't I redeem my certificates for \$20 Ron Paul Dollars?

ANSWER: Because there are no \$20 Ron Paul Dollars in the warehouse. Only \$20 Silver Libertys are stored... so that is all that is available.

11. Liberty Associate of the Month

One of the best parts of the Liberty Dollar is the outstanding men and women who decide to open a Regional Currency Office (RCO). These are the people who not only understand the monetary problems and become a Liberty Associate, but go on to become one of the main supporters by opening a RCO. An RCO is a very special person, and one such RCO is this month's Liberty Associate. Without a lot of fanfare, this notable RCO has steady advanced the cause of Liberty and the Liberty Dollar. It is for that reason I am proud to acknowledge Mike Eck, RCO in south central Virginia as the Liberty Associate of the Month. Congratulations Mike and thank you for all your efforts to further the Liberty Dollar.

12. Quote of the Month

The strongest is never strong enough to be always the master, unless he transforms strength into right, and obedience into duty. - Jean-Jacques Rousseau

Closing Remarks:

We are now in our 10th year! Congratulations! That is amazing.... considering that many did not think we would last a month! And although there have been a lot of twists and turns along the way, we have remained steadfast in our drive to offer a superior currency. My heartfelt thanks to everyone who has supported our effort.

In particular I wish to thank to all the Liberty Associates, Merchants and RCOs for your continued support. For it is only by banding together and adopting a free and independent currency which provides us with “just weights and measures” will we be

able to throw off the yoke of a manipulated monetary/tax system and generate a peaceful and prosperous society. The first ten people to call the office will get a free \$10 Silver Certificate autographed by Bernard. Please get a Peace Dollar and give peace a chance!

Thanks again for all your efforts to return America to peace – one dollar at a time!
